Please indicate which session you are registering for. The date indicated is the date of the on-campus lab. If you have a site or can complete the 8 hours and all items listed on the check sheet contained in the course you need NOT attend NDSCS for the lab. If you need to attend the lab we provide please indicate that so we can plan accordingly.

You MUST have completed the Calculations Module prior to enrolling in this module.

- April 2010 deadline March 15th, 2010**
 - April 10th Lab 9 – 5 PM**
- July 2010 deadline June 15th, 2010**
 - July 17th Lab 9 – 5 PM**
- September 2010 deadline August 15, 2010**
 - October 2nd Lab 9 – 5PM**

Once you are registered for the class with Related Studies **(fees and books are ordered just the same as all other modules)**, you will be emailed instructions for signing into the on-line didactic portion of the course, a user name and ID for the college server which will be required for viewing the videos. The Distance Education office will have a tutorial loaded to show you how to navigate through the on line portion of the course. Your Preceptor will serve as your Proctor for the exams, just as in the balance of the module material, these are NOT open book tests. You will have access to the instructor that teaches the on-campus course and the labs during this course. The material is laid out to be completed in one month, including the laboratory exercises. The course will close at the end of the month as well as your access to the college server. Therefore you will have to stay on task to complete the course.

Registration Check List for IV Course- Your Registration is NOT complete until all of the following have been answered.
