

## PRMT 116 IV and Sterile Product Preparation Lab 2 Credits

### Course Description

This course will focus on preparing the student technician for the preparation of all IV aseptic products. Including but not limited to IV piggyback medications, large volume IV's, total parental nutrition and chemotherapy agents. In addition, upon successful completion of PHRMT 116, the student will have appropriate knowledge, skill and demonstration of aseptic technique, measuring medications, calculation drug amounts, laminar flow hood cleaning and appropriate professional garb requirements. Students will complete the ASHP curriculum designed to be compliant with USP 797 regulations. Prerequisite: Successful completion of PRMT 101, PRMT 102, PHRM 123, 124.

### Required Text

***Sterile Compounding and Aseptic Technique, Concepts Training and Assessment for Pharmacy Technicians*** by Lisa McCartney Copyright: 2012, Publisher: Paradigm Publications

Contact Coleen at the NDSCS Bookstore for the most current textbook information (1-800-342-4325, ext. 2239 or [coleen.thoe@ndscs.edu](mailto:coleen.thoe@ndscs.edu)). You may also visit the NDSCS Bookstore web site at [www.ndscsbookstore.com](http://www.ndscsbookstore.com) and search for book information by class by clicking the "Textbook" tab.

### Course Learning Outcomes/Objectives

Upon completion of this course, the student will be able to:

1. Briefly describe the care and the sick in different cultural settings throughout history.
2. Describe the influence of the Greek and Roman societies on present-day healthcare.
3. List the important influential people in the history of pharmacy and medicine and match with their contribution.
4. Describe the important role Hippocrates played in forming our healthcare system and practices.
5. Define pharmacy technician and differentiate among support personnel and other healthcare professionals.
6. Describe the role of the pharmacy technician in the home-health industry.
7. Explain the role of pharmacy professionals in long-term care.
8. Describe important contributions throughout history that influenced today's pharmaceutical practice.
9. Define and differentiate the profession of a pharmacy technician from pharmacy support personnel, and other healthcare professionals in various pharmacy practice settings.
10. The student technician will be able to describe various pharmacy practice sites including hospitals, community practices, home health and long term care facilities

### Course Policies and Procedures

#### Access Policy: Computer Failures and Viruses

Online students must maintain computer access at all times to the online course. Lack of computer access as an excuse for late work or missed exam/quiz will NOT be accepted. Review the [Computer Access Policy](#) to learn how you can take a proactive approach to your online success.

## Student Attendance

Regular attendance and completion of all assignments, on time and as scheduled, is important to your success in this course. An online student who does not regularly attend their online class for a period of seven consecutive days may be dropped from the course. Attendance is evidenced by weekly completion of assignments and/or participation in online discussions. Efforts to contact inactive students are attempted as soon as each semester begins; however, if there is no response from the student and inactivity continues, a drop will be enacted. See the entire NDSCS Attendance Policy at [www.ndscs.edu/online-attendance](http://www.ndscs.edu/online-attendance).

If your instructor is unexpectedly unavailable and may be delayed in reviewing or correcting assignments, you will be notified of this as a sign of courtesy and respect.

## Online Student Participation and Conduct Guidelines

The practices of courtesy and respect that apply in the traditional classroom also apply online. However, the expectations and practice differ in the online classroom to greater extent. Review the Online Student Participation and Conduct Guidelines ([Appendix A](#)) to learn of these expectations.

## Assignments

Please follow the order of units as each unit will build onto the next one and will be accessible according to the schedule posted within the online course.

Assignments and quizzes within each chapter are **due within specified time frames**. Refer to the Schedule for specific due dates.

Assignments not completed by the specified deadline but submitted late may have **10% of grade points deducted** at instructor's discretion.

No points will be assigned for incomplete assignments. Be prepared to spend **at least four (4) hours per week** in the online class, studying, and completing assignments.

## Submitting Assignments

All assignments should be turned in via **Dropbox** unless otherwise specified. You are **strongly encouraged** to make hard copies of your assignments and communications with the instructor to avoid losing data in the case of technical issues. *At the first sign* of problems, contact your Internet Service Provider (ISP) immediately.

It is your responsibility to access the class on another computer in the event of hardware or software problems. If your problems are not cleared up within 12 hours, contact the instructor to make other arrangements.

## Paper requirements

For this class you are required to write a 4-page paper regarding USP Chapter <797>. It can be on any part of the chapter, how it affects you, or what you learned from reading it. It must be in New Times Roman font, 12 size font, and use MLA format for citing your sources.

## Quizzes and Exams

Online quizzes and exams are a part of this class to assess your progress and whether you have met the course objectives. Students are expected to take all quizzes and exams at their specified time, on the specified day.

Academic integrity is important to NDSCS, the instructor, and you, the student. In order to ensure academic integrity of the online quizzes and exams a "Proctor" will be used at times. A proctor is simply a reputable person that assures me that only the allowed reference materials were used on an assignment

**The Exam Proctor Form must be completed and returned to the instructor within 10 calendar days of the start of the course. Mail to address specified on the Exam Proctor Form or email. If Proctor Form is not received within 10 days, 10% will be deducted from quizzes/exams taken until the Proctor Form is received. All exams will require a proctor.**

## Grading Policy

Your performance in this class will be based on the quality and accuracy of your assignments, quizzes, and exams. Assignments that do not meet the deadlines given by the instructor will be reduced 10% per day.

Students are expected to spend several hours weekly in preparation for class, are expected to turn in all course work on time. Course work will be due on **FRIDAYS!**

Letter grades will be awarded as follows:

LETTER GRADE	PERCENT
A	94-100%
B	86-93%
C	78-85%
D	70-77%
F	Below 69%

## Student-Instructor Communications

While an online class is available 24 hours a day and offers greater flexibility for the student and instructor, keep in mind that your instructor will not be available 24 hours a day. Instructors will check email, voicemail, and Cyber Office messages on a regular basis, but there may be times when they are unavailable due to other commitments and job responsibilities. Email, voicemail, or Cyber Office Messages will be responded to as time allows. As a general rule, you can expect your direct questions to be answered within 24 hours during week days.

When sending an email, please include your full name so your instructor knows who they are responding to. Often, the email address does not indicate who is sending the message.

## Student E-Mail Accounts

NDSCS students are to use an NDSCS email account exclusively to ensure the lines of communication with your instructor and NDSCS are not broken, which often happens with other email providers. You can access your email account by following instructions at [www.ndscs.edu/lt-Setup](http://www.ndscs.edu/lt-Setup). If

you need help accessing your NDSCS email, contact the NDSCS IT Service Desk at 800-342-4325 ext 3333 or [ndscs.servicedesk@ndscs.edu](mailto:ndscs.servicedesk@ndscs.edu).

To make your NDSCS email account your preferred email address, log into your CampusConnection account and check the “preferred” box by campus email.

The NDSCS e-mail system provides students with an entire suite of services such as:

- 10 GB storage for email
- Instant messaging through Skype for Business
- Rich calendaring
- Photo sharing
- Multi-browser support
- SMS alerts to mobile phones

## Academic Integrity

Integrity is an NDSCS core value and there is an expectation that all students, as members of the college community, adhere to the highest levels of academic integrity.

Dishonesty in class, laboratory, shop work or tests is regarded as a serious offense and is subject to disciplinary action by the instructor and dean of the respective division. For more information, refer to the NDSCS Student Planner or [College Catalog](#) under College Policies and Basic Regulations of Conduct (page 32).

## Types of Misconduct

**Cheating:** Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.

**Fabrication:** Intentionally and unauthorized falsification or invention of any information or citation in an academic exercise.

**Facilitating academic dishonesty:** Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

**Plagiarism:** Intentionally or knowingly representing the words or ideas of another as one’s own in any academic exercise.

## Disabilities and Special Needs

If you have a disability for which you are or may be requesting an accommodation, you are encouraged to contact both your instructor and the **Student Accessibility Coordinator** (phone 671-2623, or toll-free 1-800-342-4325 ext. 3-2623) as early as possible in the term.

## APPENDIX A ONLINE STUDENT PARTICIPATION AND CONDUCT GUIDELINES

Online courses are based on the premise that students learn best in a community. The instructor plays an important role, but this is a different role than most instructors play in the traditional, face-to-face classroom. While you may see a shift in the way classes work, you'll also notice that some things don't change: the practices of courtesy and respect that apply in the ordinary classroom also apply online, and may actually require more attention in this venue. Here are some guidelines:

1. **Get involved.** In the online environment, it's not enough to show up! Your voice must be heard in order to show your presence. Your comments are needed to add to the information, the shared learning, and the sense of community in each class.
2. **Be persistent.** Remember that for many this is a fairly new environment. Each instructor still sets the rules, and you need to abide by them; however, if you run into any difficulties, don't wait! Send your instructor an email immediately or post in the Discussion Area. Most problems are easily solved, but your instructor and your fellow students need to hear from you before they can help.
3. **Share tips, helps, and questions.** For many, taking online courses is a new experience. There are no dumb questions, and even if you think your solution is obvious, please share it by posting it in the Discussion Area. For every student who asks a question, there are 10 others wanting to know the same thing.
4. **Think before you push the Send button.** Did you say just what you meant? How will the person on the other end read the words? While you can't anticipate all reactions, do read over what you've written before you send it.
5. **Consider the context.** Remember that we can't see the grin on your face when you make a sarcastic comment, we can't see the concern on your face if you only say a couple of words, and we can't read your mind and fill in the gaps if you abbreviate your comments. So: help us "see" you by explaining your ideas fully.
6. **Ask for feedback.** Not sure how your ideas and comments will be taken? Remember there's a person on the other side. If you disagree with what someone has said, practice all your communication skills as you express that disagreement. "Flaming," or flying off the handle and ranting at someone is unacceptable; it is the equivalent of having a tantrum, something most of us wouldn't do in an onsite, face to face classroom.
7. **Act with respect.** Any discriminatory, derogatory or inappropriate comments are unacceptable and subject to the same disciplinary action that they would receive if they occurred in the face to face classroom. If you have concerns about something that has been said, please contact your instructor.
8. **Exercise integrity.** Plagiarism, cheating, and other violations of ethical student behavior are serious actions in a learning community. See Academic Integrity Policy in the course syllabus.
9. **Recognize the consequences.** Consequences of online student behavior that contradicts the NDSCS Academic Integrity policy will be addressed on an individual basis and in accordance with NDSCS Academic Integrity policy. Refer to the NDSCS Student Planner or College Catalog for more information.
