## Approval of Minutes

Treasurer Bashir moves to approve the minutes without objection. Minutes Approved.

## GUEST SPEAKERS-

Karen Bajumpaa - Dining Services is here with the previous request that the dining hall be open until 8 p.m. Karen met with Student Senate to get more information from the senators on Ideas for times being open later for serving and the Flickertail Dining hall to be open. A question was brought forth, looking at the request if it would be affecting weekend meals as well. Karen is going to be talking with the dining staff as well. If this were to be put in place it would impact the dining staff hours. If the times were to change for later serving, it potentially wouldn't happen until after winter break. Karen asked for other questions or ideas from the Student Senate. Refilling condiments, and beverages were also brought up in the conversation. Karen also looked for suggestions for anything new or more they would like to see. Senators brought forth ideas for pancake mix, more Reese's for toppings for the ice cream, and the question of 'what happened to the microwave?'
