

International students sponsored by NDSCS for a student visa must document their ability to meet all educational and living expenses for the first year of their intended study before North Dakota State College of Science can issue a Certificate of Visa Eligibility form I-20, per U.S. immigration regulations.

Although a student must only show proof for the first year of study, funding must be available for your entire course of study from your personal or sponsored funding sources. International students sponsored by NDSCS for a student visa are NOT eligible for Title IV financial aid, and U.S. Federal Immigration regulations restrict international student employment, therefore students should not expect to subsidize their studies by earning income in the United States.

Purchasing international student health insurance is required for all international students other than those from Canada or Norway. All international students will be required to enroll in the NDUS Student Health Insurance Plan administered by [United Health Care Student Resources](#) and will receive information from UHCSR regarding enrollment.

Instructions:

Complete the form in its entirety in English and using U.S. dollar amounts. You must answer all questions completely.
