Connecting a TV, Game Console or devices other than cellphone or computer to the Wifi Network

- 1. From a computer, go to the NDSCS My Devices Portal website: https://mydevices.ndscs.ndus.edu
- 2. On that screen, enter in your NDUS/Campus Connection username and password.

- 4. To add your device, find the wireless MAC address in this format: **a1:b2:c3:d4:e5:f6** The MAC address is typically found in the network settings of the device. You may need to Google how to find this for your device.
- 5. Click *Add* on the *Manage Devices* page and enter the following information:
 - Device Name: create a name that includes your name and the type of device.
 - Device ID: enter the wireless MAC address of your device from Step 4.
 - Description: use a description to help you identify the device later.
