What is Title IX?

Measure What Matters
Sex vs Gender

This presentation will not cover the Federal Register Notice of Interpretation (6.16.21): Orientation and Gender Identity in Light of Bostock v. Clayton County.

We are aware of the current state of North Dakota law and the potential changes (legislation passed and vetoed 2021).
Ted Lasso Inspiration

“You say impossible, but all I hear is 'I'm possible.'
Title IX of the Education Amendments Act of 1972

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” 20 U.S.C. § 1681 (1972).
Title IX | Intent

- **Intent:** Bring treatment of the disadvantaged gender up to the level of the advantaged group.
Title IX | Criticism

- **Ongoing Criticism:** Title IX causes men's sports to be cut

- **New Criticism:** “Title IX...integrates women and men in classrooms and segregates them in sports.” – E. Sharrow
Title IX | Compliance

Motivation

Failure to comply can result in

- Federal funding loss
- Lawsuits
- Reputational.brand damage
Title IX | Compliance

Motivation

Successful compliance can enhance:

- Enhance enrollment management
- Persistence and graduation
- Overall athletic program competitiveness
- Alumni engagement and giving
- Sponsorship opportunities
Actual Motivation
Historical Context

Civil Rights
Historical Context

• **1868** – 14th Amendment granted citizenship to all persons "born or naturalized in the United States," including formerly enslaved people, and provided all citizens with “equal protection under the laws,” extending the provisions of the Bill of Rights to the states.
Historical Context

- **1964** – Title VII of the Civil Rights Act prohibits *employment* discrimination based on race, color, religion, sex and national origin.
Historical Context

• **1965 & 1968** – President Johnson issues Executive Order 11246 prohibiting federal contractors (with consequences for not complying) from discrimination in employment on the basis of race, color, religion, or national origin. Subsequently included “sex” to the list and renamed E.O. 11375
Historical Context

- **1970 - Bernice Sandler** “Godmother of Title IX”

“I had made the connection, that, since most universities and colleges had federal contracts, they were forbidden from discriminating in employment on the basis of sex.”
"How Bernice Sander, 'Godmother of Title IX', Achieved Landmark Discrimination Ban."
-NPR.com 1/10/2019

• Which of Bunny's experiences stood out to you?
• How do/don't you relate to that experience?
• How might higher education (as an employee) be different today if Bunny had not filed the class-action compliant?
Historical Context

Historical Context

Historical Context

- **1972** – President Nixon signs Title IX into law.
- **1975** – President Ford's administration issues Title IX regulations (3-part/prong test established)
- **1979** – Office for Civil Rights created (enforces federal law)
Historical Context

- Litigation over Title IX (successful)
- Congress overturns with change in the law
- We will cover again later

Covered Entities

Employment Implications
Who Investigates What?

- Sex discrimination/harassment in an educational program complaints => Office for Civil Rights (OCR)
- Sex discrimination for employment complaints => U.S. Equal Employment Opportunity Commission (EEOC)
- Retaliation for filing a discrimination complaint is federally prohibited!
Title IX

Covered Entities

Colleges and universities, including all the programs they operate, regardless of which program receives federal financial assistance

Student Recruitment

Admissions

Counseling
Title IX

Covered Entities

- Educational programs (including individual courses)
- Research
- Housing
- Financial and employment assistance
- Health and insurance benefits and health services
- **BEWARE** closely held organizations and moving behavior "out of campus control"
Title IX & Clery Act Violence

• Sexual and interpersonal violence response is another part of Title IX Compliance (as well as Clery Act compliance)

• Athletics leadership and staff are very often
  • Responsible Employees/Persons with Authority (Title IX)
    and/or
  • Campus Security Authorities (Clery)
Title IX & Clery Act Violence

- What are Athletics leadership and staff expected to do after receiving a report?
- What are Athletics leadership and staff *not* expected to do after receiving a report?
Several student-athletes are in the training room to receive treatment. A student trainer is providing the treatment, but the Head Athletic Trainer is providing oversight and is in the room.

The Head Athletic Trainer overhears the student-athletes gossiping about a teammate's sexual encounter while under the significant influence of alcohol (stumbling, etc.).

What to do?
Several student-athletes are in the training room to receive treatment. A student trainer is providing treatment to Soccer Sue, but the Head Athletic Trainer is providing oversight and is in the room.

Soccer Sue seems upset, and later the student trainer confides to the Head Athletic trainer she's worried Soccer Sue may have been sexually assaulted last weekend.

What to do?
A Word About Athletes and Assault

• There are some studies that say that student athletes are more likely to commit violence, but there are a number that show student athletes are more likely to experience violence.
• My approach? Don't blame or accuse student athletes; engage and recruit them to lead and set an example.
• Natural leaders and team players.
• Students look up to them.
• Can gather and train them efficiently.

Title IX
Employment Implications

• Salary and equity

- THERE'S THE RING.
- HOLY [bleep]!
- IS THAT REAL?

- YEAH.
- THEY SAY, "THREE YEARS' SALARY."
Title IX Employment Implications

• Pure pay equity issues (beyond Athletics)
• Title VII, OFCCP, other laws
  • Equity regardless of sex/gender
  • Compare like to like
  • But we are not a factory (w/ banded pay)!
  • Higher ed titles
  • What about unicorns?
• Separately, is pay equity a Title IX Athletics issue?
  • Does higher pay mean a better coach?
  • Look at the market per sport (better/best may have different costs)
• Think broadly/narrowly; don't be cute.
Quiz

• Who does Title IX apply to?

• What is prohibited by Title IX?

• Is retaliation for reporting an employer or educational program Title IX complaint legal?

Funding Regardless of Source

- Budgets and expenditures
- Booster clubs and donations
- Endowments
- Fundraising
- Guarantees and ticket sales
• **Funding regardless of source**

• The Development Office calls. Famed and beloved alum Rich Oilson has decided to sell his petroleum company for north of $2 billion and donate 10% to his alma mater, dedicated to financially support the baseball team. He played left field (actually).

• $200 million is by far the largest gift in your institution's history.

- Athletic trainers & sports information staff travel
- Print materials (media guides, schedule cards, etc.)
- Student manager compensation
External Media

- Not bound by Title IX; they can report on one gender, etc.
- But are we helping or encouraging them to do so?
What do our press releases and our own web site look like? Equitable?

"Gotta read the fine print" for certain sports?

What about our internal press and publicity tools? Are we using the power of those equitably?
Internal Media

• Hypo: Yuan YouTube is a first year graphic design phenom. Yuan's videos have been called "Disney quality" and he will be interning this year for the hockey teams making top notch videos for Men's and Women's hockey games. He has no interest in other sports and doesn't want to do videos for football, basketball, field hockey, or any other teams. Your Communications lead says no brainer to hire Yuan.
  • Do you see any issues?
  • Is there any other information you need?
What about NIL?!
Title IX & NIL

Implications
Title IX | Name, Image & Likeness

**Equal Treatment**

Prong 3: Full, effective accommodation

Sufficient on-campus interest and pipeline?

• There is an on-campus tennis court.
• Club Women’s Tennis has consistently had 15 participants each year for the past five years.
• 10 high schools with a 250-mile range of the institution sponsor varsity tennis for girls.
Implications of Institutional Choice

• Elevate Club Women’s Tennis to varsity
  • Will meet Part 3 of the 3-part test and be in compliance with Title IX.
• Maintain club status of Women’s Tennis
  • Will be in violation of Title IX and may be subject to loss of federal funding, lawsuits and reputational damage.
Competition 2-part test

Prong 1: Equivalent competition level

Elevating Women’s Tennis

• Institution decides to elevate club women’s tennis to varsity.
• Newly minted varsity women’s tennis team joins the same conference its peer varsity sports compete in.

• => in Title IX compliance...thus far!
Treatment

What about...

• **Athletics Aid:** institution does not offer athletics aid to any student-athletes
  • => *in Title IX compliance...thus far!*
• **Benefits & Opportunities:** institution reviews the “laundry list” and ensures equitable treatment to women’s tennis student-athletes

**Outcome: Title IX compliance!**
