

ADN to BSN – Partners in Nursing Education

» Minot State University and North Dakota State College of Science

GUARANTEED ADMISSION

When transferring from the North Dakota State College of Science (NDSCS) ADN Program to the Minot State University RN to BSN Program.

NDSCS and Minot State University are committed to the education of North Dakota nurses and meeting nursing workforce needs in North Dakota communities. The guaranteed admission allows you to have a clear and secure pathway to continued education in nursing.

Early coordinated advising between NDSCS and Minot State University will allow for early admission, seamless transition, and access to scholarship opportunities. Our dual advising will help set you up for success, by ensuring you are not taking unnecessary, or repetitive coursework while planning for your future BSN.

Along with the help of your advisors, the guide on the back of this sheet will provide you with the coursework you will need to help you prepare for your BSN.

Take advantage of these opportunities when you transfer to Minot State:

- 10% tuition savings on required nursing courses (exclusive to NDSCS transfers)
- Dual advising
- Additional scholarship opportunities
- Easy credit transfer

Minot State University is dedicated to fostering the ongoing educational journey of nurses holding an Associate Degree in Nursing. Our team of educators is fully committed to guiding you through your nursing education, offering unwavering support from your initial nursing course to graduation, and throughout your nursing career. We are dedicated to delivering a high-quality, flexible online program, designed to propel you into the next phase of your nursing profession. Earning your Bachelor of Science in Nursing will help meet the increasing demand for leaders and well-educated nurses.

*Working together to
set you up for success!*

NDSCS ADN Program to MiSU BSN Completion Program Guaranteed Admission Pathway
