Online: Some Classes
Combination

This curriculum is available to the student whose goal is a paralegal (BS) degree. The Paralegal transfer curriculum plan at NDSCS includes the freshman and sophomore core courses in English and humanities, math, physical sciences, social and behavioral sciences, and physical education. All colleges and universities require these core courses for students seeking a bachelor's degree. An Associate in Arts degree is awarded upon completion of the program, and the student can transfer to most four-year colleges and universities as a junior.

Paralegals, also called legal assistants, work in law offices in a variety of positions related to the legal profession. As a paralegal you may be involved with legal research, client contact, factual investigation, and drafting documents. The Bureau of Labor Statistics projects employment growth for paralegals will grow by 15 percent through 2026, which is much faster than the average growth for all occupations.

The Paralegal transfer curriculum plan meets the Liberal Arts Program Purposes listed in the NDSCS Catalog.

Course Code	Course Title	Credits
COMM 110	Fundamentals of Public Speaking	3
CSCI 116	Business Use of Computers	3
