Online: Some Classes Combination

Today’s pharmacist is the most accessible health care professional, with the average American visiting a retail drug store every 13 days. The retail pharmacist is in a position to assist patients with a wide range of health issues regarding medications, disease states, treatments, preventive measures, and healthy lifestyles. Surveys show that people rely on their community pharmacists for health care information and admire them for it (pharmacists have been the most widely respected professionals in national surveys for several years). Hospital/institutional pharmacists interact with physicians and other professionals regarding patients’ medication regimens and treatment plans, providing advice on drug usage, interactions, side effects, and patient education. These clinical pharmacists strive for rational, effective, economical drug choice and usage in their institutions.

Students entering the Pharmacy transfer curriculum plan, who do not have the proper prerequisites, may need additional preparatory classes.

The Pharmacy transfer curriculum plan provides preparation for the four-year professional curriculum and meets the Liberal Arts Program Purposes listed in the NDSCS Catalog.

The successful pharmacy student has good communication skills, is highly motivated, possesses scholastic ability and has an aptitude for the biological, physical and medical sciences.

Admission Requirements
The applicants must be high school graduates or equivalent. Helpful courses to prepare for this program are biology, computer science, chemistry, zoology, mathematics, physics, and English. Courses that develop reading and communications skills and two years of a foreign language, if available, also are recommended. Applicants may be required to complete a basic skills evaluation during the admissions process.

Award
Upon successful completion of the required courses, students will be awarded an Associate in Science degree in Liberal Arts.

Course Code | Course Title | Credits
--- | --- | ---
BIOL 150 | General Biology I | 3
BIOL 150L | General Biology I Lab | 1
BIOL 220 | Anatomy and Physiology I | 3
BIOL 220L | Anatomy and Physiology I Lab | 1
BIOL 221 | Anatomy and Physiology II | 3
BIOL 221L | Anatomy and Physiology II Lab | 1
CHEM 121 | General Chemistry I | 4
CHEM 121L | General Chemistry I Laboratory | 1
CHEM 122 | General Chemistry II | 4
CHEM 122L | General Chemistry II Laboratory | 1
CHEM 241 | Organic Chemistry I | 4
CHEM 241L | Organic Chemistry I Laboratory | 1
CHEM 242 | Organic Chemistry II | 4
CHEM 242L | Organic Chemistry II Laboratory | 1
COMM 110 | Fundamentals of Public Speaking | 3
ECON 201 | Principles of Microeconomics | 3
ENGL 110 | College Composition I | 3
ENGL 120 | College Composition II | 3
FYE 101 | Science of Success | 1
MATH 165 | Calculus I | 4
MATH 210 | Elementary Statistics | 3
PHYS 211 | College Physics I | 3
Computer Information Systems Elective | 2
Any course marked ND:COMPSC | 6
Humanities/History Electives | 6
From two different prefixes within the categories marked ND:HUM or ND:HIST | 
Social and Behavioral Science Electives | 5
From two or more prefixes within the category marked ND:SS | 
Wellness Elective(s) | 2

Total Required Credits 70

This curriculum does not fully meet all the educational requirements for the North Dakota State University College of Pharmacy. Additional courses required at NDSU include microbiology, communications, and biochemistry. Students applying for other colleges of pharmacy will need to check for current entrance requirements.

This curriculum meets the North Dakota University System general education requirements as indicated in the NDSCS Catalog under the heading: NDUS General Education Transfer Agreement.

Revised: May 2019
