

NDSCS Students –

Due to the ongoing COVID-19 situation, NDSCS will continue to utilize Distance and Online Learning delivery methods for the 1st 4-week (June 2 – 26) and full 8-week (June 2 – July 24) Summer Session classes. The 2nd 4-week Summer Session (June 29 – July 24) will include a limited number of face-to-face class offerings.

Important Notes:

- Students already registered for face-to-face, on-campus classes during the first 4-weeks and/or full 8-week summer session will be contacted by the Academic Program Support office.
- Courses that were originally scheduled to be taught online will continue as planned.
- Other experiential-based courses (e.g. Co-ops, internships, SOE's, clinicals, field experiences) will continue as scheduled.

If you have questions about your course schedule or how the courses will be taught for Summer 2020, please contact your advisor or the Student Success Center at 701-671-3000.

Stay well,

John Richman, Ph.D.
President | North Dakota State College of Science
