Anyone maintaining clothing changes, keeping personal effects, or using the bathroom/shower facilities in a residence hall for more than 72 consecutive hours, will have established a regular and/or steady presence for the purposes of enforcement of this regulation. When the condition of a room threatens the health or safety of other residents, staff will instruct the resident(s) of the room to clean the area to acceptable standards. Unacceptable conditions that would constitute a policy violation include, but are not limited to: floors covered with trash or personal items, failure to take trash out of a room/suite, food or drink that creates an odor or will attract insects or rodents. Residential Life reserves the right for professional staff members to exercise their judgment in determining and enforcing standards that a reasonable person would expect in a living environment. Also, when a space in a double room that could potentially be occupied by a new resident is not accessible, clean or welcoming, similar action will be required of the assigned resident(s). Students will be billed for labor and material costs if cleaning is required by the Residential Life Department or Facilities Management. Limited supplies for cleaning are available in each hall upon request.
- e) The capacity of the electrical systems in the residence halls is limited. Overloading these systems can present fire and safety hazards. If students want to increase the number of outlets in their room, they are required to use only UL-approved power strips, which contain an independent circuit breaker or fuse. The only cooking equipment permitted in student rooms are single serve coffee makers that do not have hot plates and are equipped with automatic shut-off and microwave ovens under 800 watts. personalization and window displays require approval by the Residential Life Department.

- g) Pictures or other wall hangings should be suspended only from moldboards, picture rails or bulletin boards inside of rooms/suites. Nothing is permitted on the exterior/hallway door of the room/suite, aside from items approved or provided by the Residential Life Department. Students will be charged for damage to doors, walls and ceilings.
 - h) Fire safety and sanitation requirements prohibit cooking within the residence hall room. Limited kitchenette space is specifically designed for light snacks. Residents must clean kitchenettes. All food must be kept in closed containers. Students that fail to adequately clean and maintain the kitchen area will be subject to the disciplinary process outlined in the *NDSCS Guide to Student Rights & Responsibilities*.
