# OTHER SOURCES FOR AID: SCHOLARSHIPS

**NDSCS Scholarships:** North Dakota State College of Science has over 160 separate scholarships, and each year, awards scholarships to over 700 students (incoming and returning). Strong academic performance and meeting the application deadline play important roles in qualifying for an NDSCS scholarship. Scholarships for the 2018-2019 academic year have already been awarded. Dead- lines for the 2020-2021 academic year is October 1, 2019. The scholarship application is available online and through our office.

**Other Scholarships:** There are a number of places to search outside scholarships...your high school counselor, local library, regional organizations and employers, hometown banks, etc. The Internet is also a powerful search tool.

# WATCH OUT FOR SCAMS!

Be wary of scholarship searches that charge a fee, and scholarships that are "guaranteed" or require credit card/checking account information.

# OTHER SOURCES FOR AID: WILL YOU NEED AN ALTERNATIVE LOAN?

This worksheet will estimate your direct and indirect education expenses, and the financial resources available to you to cover these costs. Use page 2 of this booklet to determine your Direct Expenses. Prior to the beginning of each semester, you may view your actual costs by logging into CampusConnection.

#### If your Direct & Indirect Expenses are more than your Financial Resources:

- 1. Review the online Alternative Loan Programs page by click here.
- 2. Complete the loan application (online or paper). Please note: using a credit-worthy co-signer may drastically reduce your loan interest rate.
- 3. The loan lender will **contact you directly when the loan is approved, and give you estimated disbursement dates.** If you attend Fall and Spring semesters, half of the loan funds will be distributed Fall and the remaining half will be distributed Spring.
