

## COVID-19 Guidelines for Renters and Guests

### Overview

The North Dakota State College of Science (NDSCS) is committed to providing a healthy environment for all stakeholders.

With the re-opening of North Dakota businesses, services, and recreation areas, these guidelines provide a way for external stakeholders to utilize NDSCS spaces in a manner that minimizes risk and exposure of COVID-19, knowing that may vary depending on each individual, responsibilities, risk factors, and situation.

### Guidance

These guidelines were established based on the NDSCS Re-Entry Plan and guidance from the ND Department of Health, ND State Board of Higher Education and the Centers for Disease Control and Prevention.

### Guidelines

Capacity limits will be established through the NDDoH's risk level guidelines and protocols for large gatherings. Renters will not be allowed at NDSCS during orange or red risk level periods. NDSCS will notify potential renters of the approved capacity; renters exceeding capacity risk voiding their rental contract with no refund.

Renters will be informed, prior to agreeing to the rental agreement, to follow all NDSCS expectations, including:

- Masks/Face coverings are required to be used by guests when within 6 feet of another individual and/or are in public spaces (e.g. hallways).
- Encourage guests of the event to download the [Care19 App](#) to increase success levels with contact tracing.
- Discourage attendance by high-risk individuals.
- Encourage guests to practice good personal prevention practices (e.g. hand washing, covering mouth when coughing).
- Maintaining room set-up, focused on physical distancing

NDSCS will:

- Clean and disinfect high touch surfaces in auditoriums like railings and door handles between activities to the extent possible.
- Regularly clean restrooms and stock them with soap and hand sanitizer.
- Work with the renters to understand room set-up requests; rooms will be set according to physical distancing guidelines to the extent possible.
